More choices can make your decisions easier.

Zurich HelpPoint is here when you need more than just insurance. For more than 85 years, Zurich has remained committed to developing innovative solutions that provide the coverage your company needs and peace of mind you deserve. With the stable financial position of Zurich in North America*, our insurance products — such as Unicover®, one of the most extensive lines of automotive business coverage available — are frequently recognized by national automotive organizations and associations. And so is our reputation for delivering when it matters, with one-day response times to all claims inquiries and onsite assistance for most major losses within 48 hours. This all helps explain why 80 percent of our customers renewed their automotive insurance policies in 2008.

Visit www.zurichna.com/zdu to see how we can help you.

Here to help your world.
