**Automotive Service Association
of Ohio**

Membership Activities

- ASA-Ohio Cleveland & Cincinnati Regional Collision Shop Meeting
- ASA-Ohio Educational Conference & Expo
- ASA-Ohio members testify in favor of Mechanical Registration Hearing in the Ohio Senate

Why a Shop Should Join

- ASA-Ohio is the only organization that represents the best interest of the mechanical and collision shop owner in the Ohio legislature.
- ASA-Ohio provides its members with the means and information to navigate through the legal and regulatory bureaucracy that small business endures today.
- ASA-Ohio provides members with cost-saving programs and services to reduce everyday business expenses and add profitability to member shops.

"ASA-Ohio membership is one of the keys to the success of our business. It allows me to concentrate on providing outstanding customer service, repairing vehicles properly, and on time. This, in return, makes my shop profitable. ASA-Ohio is a one-stop resource center for my shop for education, cost-saving programs and services as well as legal and regulatory assistance. It ensures my best interest is represented in the Ohio legislature."

**— Jeremiah Friesner,
Jeremiah's Automotive, Heath, Ohio**
